第 68回日本神経化学会大会「名古屋宣言」

- * 日本神経化学会は、分子を通じて脳を理解し、人類の知と健康に貢献することを使命として歩んできました。本年の名古屋大会は久しぶりの単独開催となり、本学会の伝統と独自性を改めて示す貴重な機会となりました。長い歴史に培われた温かな学術共同体の中で、若手からベテランまでが自由に議論し、新たな知見を共有する姿は、学会の魅力そのものです。今まさに「分子で脳を知る」時代が到来し、日本神経化学会の果たすべき役割は、かつてないほど重要性を増しています。本大会を通じて、多くの研究者が本学会の面白さと力強さを実感し、未来に向けた研究の発展と人材育成を共に進めていくことを、ここに宣言いたします。

The 68th Annual Meeting of the Japanese Society for Neurochemistry "Nagoya Declaration"

- * The 68th Annual Meeting of the Japanese Society for Neurochemistry (JSN) "Nagoya Declaration"
- * The JSN has long pursued the mission of understanding the brain through molecules, thereby contributing to human knowledge and health. This year's Nagoya meeting, held as an independent conference for the first time in many years, provides a valuable opportunity to showcase the Society's tradition and uniqueness. Within this longstanding and supportive community, researchers from early-career scientists to senior members engage in open discussions and share new discoveries—an embodiment of the Society's true appeal. Today, as the era of "knowing the brain through molecules" is dawning, the role of the JSN is becoming ever more significant. Through this meeting, we reaffirm our commitment to enabling many researchers to experience the vitality of our Society, and to advancing research and fostering the next generation together.
- * [President of the 68th Annual Meeting of JSN: Kazunobu Sawamoto & President of JSN: Schuichi Koizumi (September 11, 2025)]
